

Appendix 5

Public consultation publicity document

Have you heard about Catton Park? Did you know you have a peaceful open space on your doorstep?

Catton Park is an important historic private park which was designed more than 200 years ago by the famous landscape designer Humphry Repton. There is now an opportunity to restore it and open it as an park for the local community.

As part of the preparation of a Conservation Management Plan, there will be two major events at the following venues:

**9th and 10th May at The Pavilion, Recreation Ground, Old Catton
and**

16th and 17th May at Oak Grove Chapel, 70 Catton Grove Road
(opening times for both venues: Friday 10am -8 pm, Saturday 10am -
1pm)

You are invited to come along and meet the consultants and members of the Steering Group. This is your opportunity to tell us what you think about the park and how you would like it to develop. We want to hear from as many people as possible and will be using your ideas to develop the plan.

A questionnaire will be available for you to fill in on the day or take away. You can also visit the Old Catton website for more information on Catton Park. Click on www.oldcatton.com and follow the link for Catton Park Update.

We look forward to meeting you in May.
